

## **NABG 33<sup>nd</sup> ANNUAL CONFERENCE**

### **“Environmental Ideas For The Future”**

Dear Corporate Sponsor,

**The National Association of Black Geoscientists would like to ask if you or your company would consider becoming a sponsor for the 33<sup>nd</sup> Annual Conference of the NABG being held in Richland, Washington in coordination with Washington State University, Tri-Cities area on September 17<sup>th</sup> through September 20<sup>th</sup>, 2014.**

“The NABG is an organization that is relied upon to disseminate Geoscience information and to help increase the number of Earth Science graduates across the nation.”

The theme for the conference is **“Environmental Ideas For The Future”**. At this conference the NABG will involve students from around the country in technical presentations, field trips, networking, and strategic planning for the future. We offer you a chance to be a part of our effort to disseminate information about careers in Earth Science. Corporate contributions and levels start at \$500 and go up to \$20,000+ and involve newsletter advertising, conference benefactor seating, notation in press releases, brochures, and flyers.

Come network with affiliated Organizations, Corporations, Universities, and Student participants. The Annual Conference is an opportunity to provide face to face mentorship for students with an emphasis on underrepresented minority students. The conference also offers an opportunity to establish professional networking relationships as we continue along our career journeys.

Our added focus this year will involve establishing and implementing a work routine that will encourage renewed student interest in the STEM disciplines across the nation. We have capable scientists committed to locating, supporting, and mentoring future geoscience and engineering students.

**We continue to do this because we covet the science and wish to share that passion with others. Please consider supporting our efforts. We need all the creative young scientific minds that we can find to lead our nation forward.**

**Thank you so very much for reviewing this request. Additional information on Corporate Sponsorship can be found at [nabgg.com](http://nabgg.com). A NABG representative can be contacted at (214) 978-8847.**

The NABG is a 501© 3 corporation and all donations are tax deductible.
